

RESIN FOR PAINT

ITEM NO.	MAIN COMPONENT	FORM	SOLID CONTENT (%)	VISCOSITY (CPS)	PH	M. F. T. (°C)	MAIN USES	SPECIAL FEATURES
P-50	Acrylic Resin	White Emulsion	50±1	<100	8~10	10	Binder for Exterior Semi-Gloss Water Based Paint	Good Brushability, Weather & Water Resistance and Pigment Miscibility
P-57A	Acrylic Resin	White Emulsion	46±1	2000±500	7~9	15	Binder for Exterior Gloss Water Based Paint	High Film Gloss, Good Brushability, Weather and Water Resistance and Pigment Miscibility
P-57AH	Acrylic Resin	White Emulsion	50±1	10000±2000	7~9	15	Binder for Exterior Gloss Water Based Paint	High Film Gloss, Good Brushability, Weather and Water Resistance and Pigment Miscibility
P-62A	Acrylic Resin	White Emulsion	55±2	2000±500	6~8	15	Binder for Exterior Gloss Water Based Paint	High Solid Content, High Film Gloss, Good Brushability, Water Resistance and Pigment Miscibility
P-60	Acrylic Resin	White Emulsion	60±1	2500±500	5~7	0	Binder for Exterior Water Based Paint	High Solid Content, Soft and Elastic Film, Good Pigment Miscibility
P-730T	Styrene Acrylic Copolymer	White Emulsion	46±1	2000±500	7~9	15	Binder for Exterior Gloss Water Based Paint	High Film Gloss, Good Brushability, Water and Water Resistance and Pigment Miscibility
AC-5050	Vinyl Acetate Resin	White Emulsion	50±1	10000±2000	2~4	12	Binder for Interior Water Based Paint	Good Brushability and Pigment Miscibility
P-550S	Vinyl Acetate Acrylic Copolymer	White Emulsion	50±1	6000±2000	3~5	11	Binder for Interior and Exterior Gloss Water Based Paint	High Film Gloss, Good Brushability, Water Resistance and Pigment Miscibility
B-3000	Acrylic Resin	Brown Liquid	50±1	2000±1000	6~8	-	Binder for Baking Paint	Good Water Solubility
